Discover Hartland Estates

Our villa collection was designed to reflect our aim to offer our residents the opportunity to reach new heights and enjoy unprecedented levels of comfort and privacy. We have imagined and designed luxurious villas immersed in oases of green and rich forestry along the Dubai Canal, adding beauty and value to our residents' lives. The highest level of attention to detail and care has been placed to provide residents with a "haute couture" lifestyle experience in every sense.

The development houses four communities featuring four different lifestyles, with a variety of unit plans to choose from, ranging from urban chic townhouses of 4 bedrooms to stately mansions of 4 or 5 bedrooms, as well as bespoke canal facing villas.
